

Vote for Oliver

and the Railway.

Do you vote for Edmonton as a City or for Edmonton as a Village?

Do you vote for Edmonton on a world's highway of commerce or for Edmonton at the extreme limit of the railway system of the continent?

Do you vote for a railway project which is the embodiment of the fixed policy of a great united party, or do you vote to throw the whole question of a transcontinental railway into the melting pot of party politics, with no assurance of a fixed policy on the part of any one?

Do you vote for a sure thing, or do you vote to take chances?

Remember that in this case your vote is not an opinion, it is a mandate which must be obeyed and which cannot be recalled.

Use your vote to protect your interests.

THE ATTACKS ON PORT ARTHUR

Tokio, November 1.—The Imperial headquarters to-night published a series of reports covering the operations against Port Arthur during the months of August, September and October. The chief interest centres in the tremendous attack, which was begun on October 22 and is still continuing. Hundreds of Japanese guns began battering against the northern and eastern forts on October 26, the infantry moving forward with desperate rushes when the artillery had prepared the way, while the pioneers and sappers

were running mines against the forts. The reports record a series of desperate encounters at close range, and tell a dramatic story.

Chefoo, November 1.—The officers and crew of the Ryeshitani went on board the German steamer Vorwader to bounce for Shanghai, where they were to join the officers and crew of the Russian cruiser Askold. Before the vessel sailed, however, the Russians suddenly returned on shore. The Government at Peking had rescinded the permission which had been granted them to proceed to Shanghai.

CORONOR'S INQUEST

ONE OF THE THREE MEN

In the Blacksmith shop Confesses to Having fired the shot that killed Alex. Reid at Leduc

The coronor's inquest on the remains of Alex. V. Reid, who was shot in Leduc on Thursday evening, was held at the Public hospital at noon yesterday. After evidence had been heard, the inquest adjourned until seven o'clock last night, when it was resumed at the North-West Mounted Police barracks. In the afternoon Drs. Strong and Sutherland conducted a postmortem examination. The report of the coronor's jury stated that the deceased, Alex. V. Reid, came to his death from a gunshot wound, the shot having been fired by some person in

Klumbier's blacksmith shop on the night of Halloween.

Gustaf Marienowski, the prisoner, was then brought before Dr. C. H. Stuart-Wade, J.P., at the Mounted Police barracks on a charge of murder. The case was remanded for eight days, but the preliminary hearing may be proceeded with at any time.

Shortly after his arrest Marienowski confessed to Constable McBrayne at Leduc that he had fired the fatal shot, adding that his companions, Klumbier and Spaniel had told him to shoot any person that came near the blacksmith shop.

Words have been received from the relatives of the late Alex. Reid, and they have requested that his remains be sent to his home at Eggenville Ont. "The body has been embalmed, and will go east on Friday morning's train, and will be accompanied by a cousin of the deceased, Mr. R. C. Ward, of Wetaskiwin, or Mr. David Ward, of the same place."

The remains will be accompanied to the train by members of the Odd-fellows Order, of which order deceased was a member.

LOCAL

—Public meeting in Robertson Hall this evening.

—The election returns will be bulletined in the Alberta Hotel to-morrow night.

—A report of last night's council meeting and other local matter has had to be held over for to-morrow's issue.

—Everybody is invited to the public meeting in Robertson Hall this evening. Frank Oliver and others will deliver addresses.

—Messrs. Eugene P. Pelsson and E. Parrot, of Paris, France, visited Edmonton yesterday in the interests of a group of Parisian capitalists, whose attention has been attracted to the North-West by the expectation of development by the construction of the Grand Trunk Pacific. They are looking for opportunities for investment, and are pleased with the prospects of Edmonton.

**EDMONTON POLLING
DIVISIONS**

There are seven polling places in the city of Edmonton, as follows:

Polling Division No. 74, at the Town Hall. On this list there are approximately 269 voters.

Polling Division No. 75, at A. E. May's office. 354 voters.

Polling Division No. 76, at the Ross warehouse in Robertson Hall. 220 voters.

Polling Division No. 77, at Paul Rudy's store. 281 voters.

Polling Division No. 78, at Krammer's house, S.E. corner of Thirteenth street and Namayo avenue. 120 voters.

Polling Division No. 79, at the Mackay avenue school. 141 voters.

Polling Division No. 80, at St. Jean's vacant store, Jasper avenue, west. 255 voters.

The number of voters at each polling division is subject to slight change as a few names were added yesterday. The number of voters in the city is approximately 1,660.

**BRIDGE BUILDING IN
NORTHERN ALBERTA.**

W. G. Alton, bridge foreman under the North-West Government in Northern Alberta, was in the city yesterday. He was procuring supplies for a bridge over Ross Creek, just east of Fort Saskatchewan. In three or four weeks a bridge is to be built at Beaver Creek on sections 5 and 32 of the connection line between townships 54 and 55, range 18.

Mr. Alton and crew have built ten bridges this season. Starting in March a bridge was built over Beaver Creek, sections 11 and 12, township 58. The party then built two bridges between townships 52 and 53 range 21. Two bridges were repaired at Star. A bridge was next built at the Burwick slough at Andrew. This bridge is one hundred and twenty feet long and as the timber had to be taken out of the bush at Andrew, it necessitated a great deal of extra labor. A large bridge was next built over Watt's slough in the Vermilion valley. The construction of this bridge was a great boon to the farmers of that district, as it saved them a long round-about trip. A bridge was next built at Laird's crossing on the Vermilion, and next over the Vermilion at the Warwick school. The next work to be taken up by the party was the construction of a bridge over Point-sus-Pins Creek, four miles west of Fort Saskatchewan. A bridge was then built at Fulton's Creek, and then the party spent a considerable time repairing the approaches to the bridge at Star. The banks of the river had been washed away and considerable work was required to repair it. From here the party moved to Fort Saskatchewan to construct a bridge near there upon which they are now working.

THE PREMIER'S HEALTH

FALSE REPORT

Are being Circulated by Conservatives
Regarding Sir Wilfrid's Health
Only Slightly Indisposed

Ottawa, November 1.—There is absolutely no truth in the report sent out from Quebec that the Prime Minister is seriously ill. Sir Wilfrid went to Grandmere, yesterday, 100 miles Northwest of Quebec. He addressed a large gathering and returned late in the evening. He caught a slight cold in a draughty hall, and had a touch of Bronchitis. A medical friend therefore advised him to remain in doors for to-day. He has done so. Sir Wilfrid is in the best of health and spirit, and he goes out again to-morrow.

ELECTION FORECAST

SHOWS A LIBERAL SWEEP

Well known Organizer make a Forecast Similar to that of the Toronto News, Independent.

Ottawa, November 2.—Alexander Smith, the well-known Liberal organizer on many years standing, whose forecasts generally turn out correct, gives the strength of the Liberals as follows:

Ontario, 45.
Quebec, 53.
Nova Scotia, 13.
New Brunswick, 6.
Manitoba, 4.
British Columbia, 5.
Prince Edward Island, 2.
North-West Territories, 7.
Yukon, 1.
Total, 135.

This gives a majority of 56 for the Liberals. The Toronto Globe's forecast is very similar. The Toronto News is no much different. No one figures on anything for the Conservatives.

ELECTION RETURNS

FROM NEWFOUNDLAND

That Indicate that the Bond Government is sustained by a big majority

St. John's, Newfoundland, November 1.—The election returns to-day received strongly favor the Bond Government.

W. Ferryland has elected Cashin and Ellis. Harbor has elected storm and Lewis. All Bonidites.
Bay D'Arce has elected Hutchinson Bonidite, and Winsor, opposition. Premier Bon. has now six seats and the opposition only two.

Counts now in progress indicate the return of six more Bonidites for St. John's City.

THE UNITED STATES

POLITICAL SITUATION

The Elective Bodies to be voted for in the Approaching Elections

New York, November 1st.—Nine National Political Conventions were held this year and nine candidates for President and Vice President of the United States were nominated but only six election tickets will be generally voted on or even week from to-day. Besides the two great political parties seven or eight made nominations: Populist, Prohibition, Socialist, Labor National, Liberty Negro, Lincoln Negro, and Constitutional. The two Negro parties however apparently ended their work when the National Convention adjourned as no elector have been selected or at least none will appear on any official ballot. The Constitutional party seems to be confined to Illinois and perhaps to Chicago, the place of its origin.

The terms of thirty United States senators expire March 4th next. Seven of the vacancies have already been filled and the legislature of twenty-five states to be elected November will fill the other twenty-three. Members of the House of Representatives are to be voted for in all except three states, Maine, Vermont and Oregon, which have a ready-made Congress.

In twenty-one states a Governor and all or nearly all, the elective state officers are to be chosen. In five states minor state officers are to be elected and in thirteen electors are to be voted for.

The Wise Mother

The day's duties over she rests in her chair,
And thanks of the doses that doctors prepare
To her children when sick no doctor she'll bring;
She has proved beyond doubt "Abbey's Salt" is the King.

ABBEY'S SALT is especially suited to children. It is made from fruit juices—contains no calomel, or other powerful drugs—and is pleasant to take. It is a tonic laxative—NOT a purge or violent cathartic. It may be taken every morning by children, as well as grown folk, without fear of ill-effects.

It corrects all the bowel troubles of childhood—prevents cramps—keeps the little ones fresh, rosy and healthy.

PROTECTION TO THE FOREST

Continued from page 6.

wood. The articles, or the repair
of them mean great expense and
waste of time to the farmer, if he has
to hitch up and drive to a distant
town, to buy with cash, what he
could do himself after some little
practice.

The second and most important
point, why to protect the forest, is
the well tried and long experienced
fact, that those districts which have
been partially denuded of forest,
have little, or none, that have been
entirely deprived of wood, have, during
the greater part of the year, hardly
any rain at all. Every farmer or
rancher will know how expensive it
is to have a drainage laid over his
ground in order to give the neces-
sary amount of water to his fields
or hay grounds and pastures.

Thirdly, it is perhaps little known
that districts with growth of forests
are victimized by frequent and de-
structive hailstorms, whilst countries
with forest need little complain of
this calamity. It has been proven in
Germany, by statistics, that a dis-
trict which had been gradually
denuded of forest suffered less easily
from hailstorms, so that it is almost
impossible even to grow garden
truck, let alone the more expensive
to re-plant the forests in the dis-
trict, and statistics show that from
that time the hailstorms decreased
in number and severity until finally
they have entirely ceased.

I think that this example proves
clearly enough that the chances of a
farm, which stands near an extensive
forest, are, in reference to hail-
calamities, better than those of a
prairie farm.

The above facts will show clearly
how important it is, for the wealth
and prosperity of Canada to culti-
vate areas of useful forests. The
denudation of our forests, as with every
year the areas which are deprived of
their forest growth we are yearly in
consequence, not to speak of the de-
vastations caused by fire, or the
catastrophe of fire in the forest, to
replace the lost forest. May
Canada be spared to see her forests
share the fate of the buffalo, extinc-
tion.

Not even when you plant a forest
may be able to enjoy the benefit of
his own work, for he may be con-
scious of the fact that he has pro-
vided for his descendants, who will
thank him for his work. He will
have won his own monument, the
very one which will increase as the
years pass by.

MADE BY HAND

I HAVE each
Pharaoh cigar
rolled by hand!
I do this in
order that the
leaves that go
into the filler may be properly
placed, with the top towards the
burning end of the cigar.

It also enables the packing of
the filler to be properly done—
you will find my Pharaoh will
smoke easily and evenly from
end to end!

I see that the materials are
of the highest grade as well.

Cuban tobacco I myself
select from the Manicureagua
district, in the Province of Santa
Clara, is the filler—the most
expensive Connecticut Broad-
leaf is the binder, and a clear,
beautiful Sumatra I import from
Holland is the wrapper.

My Pharaoh makes a
mighty good smoke for the
money.

HOCKEY MEETING

A GOOD ATTENDANCE

The Thistle Club Discussing the Adviseability of Leasing the Rink for the Winter

The annual general meeting of the Edmonton Hockey Club was held in the office room of the Imperial Hotel last evening. There was a large attendance of hockey enthusiasts. J. H. Morris was voted to the chair. T. F. Hutcheson read the minutes of the last meeting, the retiring secretary's report and a splendid report from the manager and trainer, J. C. Griffith. The election of officers was then proceeded with which resulted as follows:

Patrons, E. Raymond, H. W. Supple, J. B. Mercer, Jno. L. Mills, Thos. Hourston, Alf. Brown, T. A. Stephen and J. H. Morris.
Hon. President, R. Secord.
President, **Geo. E. A. Gray**.
Vice President, H. Heliwell.
Secretary-Treasurer, C. P. Old.
Executive Committee, Dr. Reid, Jas. A. McKinnon, Dr. Strong, L. Goodridge and Jno. Somerville.
Manager and Trainer, J. C. Griffith.
Assistant Manager and Trainer, T. F. Hutcheson.

A vote of thanks was tendered to the donors to last year's club. It was decided to make the membership fee one dollar for 1905. The Thistle Hockey Club have been contemplating leasing the rink for the winter. A committee consisting of Jno. L. Mills, Dr. Strong and C. P. Old was appointed to go into the matter thoroughly with a view to ascertaining the advisability of such a step.

The secretary announced that Edmonton should have ten big hockey games this year, among others, with Dawson City and with the Intermediate Victorias of Winnipeg, both in Edmonton.

A vote of thanks was tendered F. E. Goode for his goodness in allowing the hockey boys the use of his office for last night's meeting. Before closing, the meeting expressed its sincere regret at the removal from Edmonton for the winter of Ed. Sibbald. Mr. Sibbald expressed his regret in a few words and wished the club good luck. A complete report of the proceedings as well as the reports submitted to the meeting will appear in tomorrow's Bulletin.

EXPLOSION CAUSES DEATHS

New York, November 1.—One man was killed and another fatally injured, and a brick building used as a storehouse by the Bulla Furro Chemical Co., at Shadyside, N. Y., was wrecked to-day by an explosion of chemicals. John Koelach, a worker, was killed outright and F. H. Hammer superintendent of the plant was so seriously injured that he died soon after reaching the hospital.

PROGRESSIVE RED DEER
